

# Training Levellable Test Platform | LTB 100

Article number: D L60 000 00

## Description

The inspection and adjustment of modern headlight systems require nearly 100% leveled vehicle setup areas according to the latest guidelines. With the LTB 100 adjustable test surface, this is possible without the need for complex foundation work.

### Training content:

- Setup of the LTB 100, with and without the drilling template
- Training on the regulatory guidelines for headlight adjustment areas
- Tips & tricks for the optimal headlight adjustment area from practical experience

**Course duration:** 1 day

**Requirements:** None

### The participation fee includes:

- One lunch per full training day
- Refreshments during breaks
- Training certificate

Any accommodation costs incurred are to be settled directly with the hotel by the participant. Feel free to contact us for recommendations.
